

TEMPLATE

CUT DTF Transfer Blockout by the metre

Final format: 560mm x 1000mm

- ✓ Arrange your designs freely on the sheet, they can go right up to the edge.
- ✓ Every design needs a closed cut line at least 1 pt thick.
- ✓ Set it up as a spot colour and name it exactly CutContour.
- ✓ Keep a 5 mm gap between the cut lines and to the design.
- ✓ 300 dpi, CMYK with ISO Coated v2 (ECI), transparent background.
- ✓ The Blockout adhesive is already in the transfer, nothing extra to set up.
- ✓ Portrait or landscape does not matter, as long as the dimensions are right.

Example: a CutContour looks like this.
Closed path, spot colour CutContour, 1 pt thick.
